

REMARKS/ARGUMENTS

Favorable reconsideration of this application is respectfully requested.

Claims 1-5 and 10-59 are presently active in this application.

In the outstanding Office Action, the title was objected to as not being descriptive and Claims 1-5 and 10-59 were rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over Claims 1-35 of U.S. Patent No. 6,728,636.

In response to the objection of the title of the invention, the title has been amended.

In response to the rejection under obviousness double patenting, submitted herewith is a duly executed terminal disclaimer. Accordingly, the rejection is believed to have been overcome.

Consequently, in view of the above comments and in view of the terminal disclaimer concurrently filed herewith, no further issues are outstanding, and the present application is believed to be in condition for formal allowance. An early and favorable action to that effect is respectfully requested.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,  
MAIER & NEUSTADT, P.C.
